TRUMBULL COUNTY
LAND BANK

APRIL BOARD REPORT

HIGHLIGHTS

Warren Famers Market Moves Locations:

The Warren Farmers Market has found a new home on North Park this season. The former Wean Building was recently demolished and regraded and will soon be landscaped to include trees, stone borders, a small pollinator garden, and will feature the salvaged cornerstone from the building. The new location will be a great space for the community to enjoy all year round.

Gas Station Remediation:

In March the Land Bank applied for funding through the State of Ohio's Targeted Brownfield Assessment Program to complete an environmental assessment at the former Ashland Gas Station at 2904 Belmont Ave, in Liberty Township. The application was awarded and staff are working with August Mack Environmental to complete the Phase I and asbestos survey.
