Welcome Home Ohio Award $1,000,000

Ohio Department of Development awarded the Trumbull County Land Bank $500,000 for purchasing properties to be renovated and sold to qualified buyers as well as $500,000 toward the construction of five homes. The funding comes from the latest round of the Welcome Home Ohio program, and will be used to bolster efforts to create additional home ownership opportunities throughout the county through both the continued renovation of vacant houses owned by the Trumbull County Land Bank and the construction of new single family homes on land bank owned lots.

Warren Home Sales

Property sales were closed at both 1581 Drexel and 1936 Norwood this month, creating two more home ownership opportunities in Trumbull County. The Drexel property represents the sale of the 4th and final new build from Phase I of the development of the former Emerson School site through Welcome Home Ohio, and the Norwood house was renovated through a partnership with the Warren-Trumbull HOME Consortium.
