TRUMBULL COUNTY LAND BANK

TRUMBULL NEIGHBORHOOD PARTNERSHIP

SEPTEMBER 2026 LAND BANK REPORT

Trumbull Neighborhood Partnership has completed its final allocation of funding through the Lead Safe Ohio Program, part of Ohio Department of Development's ongoing effort to make homes lead-safe for children and families, prevent lead poisoning, and remediate homes affected by lead contamination. Originally awarded in 2024, TNP was reallocated funds twice during the grant period in recognition of our strong performance. In total, $2.8 million was invested in lead repairs and remediation efforts across 66 owner-occupied households throughout Trumbull County, helping make homes safer and healthier for families.

Congratulations to TNP Deputy Director Lisa Ramsey on being inducted into the League of Women Voters of Greater Youngstown Hall of Fame!

We're proud to see Lisa recognized for her dedication to our community and the work she continues to do throughout Trumbull County. Please join us in congratulating Lisa on this well-deserved honor!
